Description

Powerful air curtain for large industrial doors

Tatra is a robust air curtain intended for vertical or horizontal installation in large doorways such as logistic centres, loading bays and warehouses. Tatra is made to operate in the most challenging industrial environments. Its powerful fans and high performance combined with our intelligent control system FC is the solution to energy saving demands in modern industrial facilities. The air curtain is equipped with energy-efficient EC motors which enable stepless control of the airflow.

Its recommended installation height is 6 m. The recommended installation width of Tatra is 8 m with air curtains on...
