

WG-A

- .WG-A:Single deflection wall grilles with adjustable blades
- .Application:For air supply and exhaust in ventilation and air conditioning systems
- .Material:Aluminium
- .Colour:Anodized natural finish
- .Composition:Deflection: adjustable  
Single row of blades
- .Mounting:Invisible with clips in mounting frame

WG-R

- .WG-R:Single deflection wall grilles with adjustable blades
- .Application:Air supply and exhaust in ventilation and air conditioning systems
- .Material:Aluminium
- .Colour:RAL 9016, RAL 9010
- .Composition:Deflection : adjustable  
Single row of blades
- .Mounting:Invisible with clips in mounting frame

WG-G

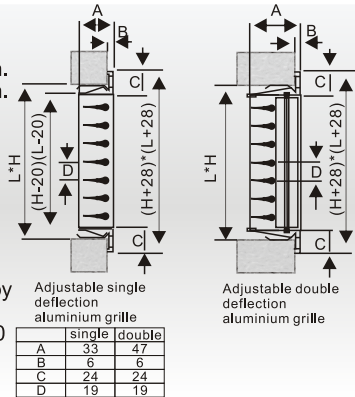

- .WG-G:Single deflection wall grilles with adjustable blades
- .Application:Air supply and exhaust in ventilation and air conditioning systems
- .Material:Aluminium
- .Colour:RAL 9016, RAL 9010
- .Composition:Deflection : Non-ajustable  
Single row of blades
- .Mounting:Invisible with clips in mounting frame

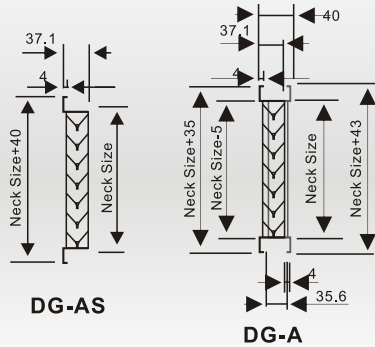

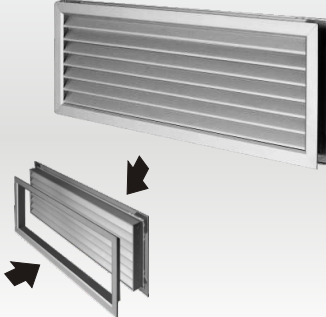

WG-C

- Ranges**
- GFC 10 and GAC 10 : 17 models from 160 to 4 000 m3/h.
  - GFC 21 and GAC 21 : 17 models from 160 to 4 000 m3/h.
- Construction / Composition**
- Expanded polyurethane sealing gasket.
  - Fixed by clips.
  - Natural anodisation aluminium for GAC 10 and 21.
  - Central reinforcement from W > 525 mm.
  - Limits of use : 2000 x 1000 mm.
- Specification**
- Wall supply grilles will have adjustable blades allowing a single (or double) deflected air pattern. They will be fixed by clips.
  - They will be constructed in white-painted steel, RAL 9010 or natural aluminium.

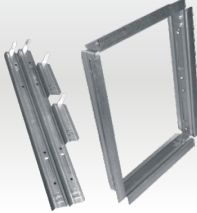

WG-D

- .Made from extruded aluminium.
- .Special shape profile of the blades idea for complete sight-proof.
- .Wall or door mounting for air transfer.
- .Standard finish: anodised. Other finish are available.
- .Sizes manufactured on request.
- Model:
  - .DG-A Double Flange Frame
  - .DG-AS Single Flange Frame

Sub frame SFR

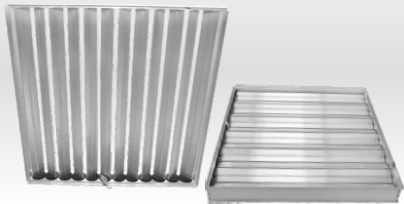

\*Provide a base for easy, quick snap-in mounting of grilles by means of the mounting springs CLIP.

Mounting spring for sub frame CLIP

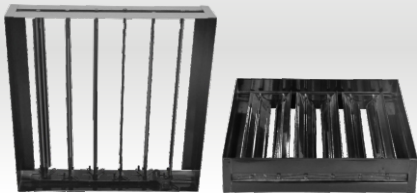

- \*The CLIP springs are factory mounted to fit sub frame.
- \*Can be easily released by knocking on them with a screwdriver.

Accessories of square diffusers ASD-A

- \*All steel construction.
- \*Controls the air volume from full flow to shut off.
- \*Screwdriver slot type.
- \*Other finish are available.

Accessories of square diffusers ASD-B

- \*All steel construction.
- \*Controls the air volume from full flow to shut off.
- \*Screwdriver slot type.
- \*Black powder-coating finish.
- \*Other finish are available.
